

Alexander M. Fraser

Curriculum Vitae

Personal Data

Current Position	Professor of Information and Language Processing, LMU Munich
Work Address	Ludwig-Maximilians-Universität München Centrum für Informations- und Sprachverarbeitung Oettingenstraße 67 80538 Munich, Germany Phone +49.176.29430911 Email fraser@cis.uni-muenchen.de Web www.cis.uni-muenchen.de/~fraser
Citizenship	USA
Family Status	Married, no children
Languages	English (native) German, French, Spanish (fluent) Arabic (proficient)

Research Interests

Computational Linguistics	Statistical and hybrid machine translation, statistical parsing of syntax, cross-language information retrieval, morphological analysis and generation, discourse, text mining
Machine Learning	Structured prediction, semi-supervised and unsupervised learning, hybrid discriminative and generative models, domain adaptation, distributed training algorithms

Education

12/2007	PhD in Computer Science University of Southern California, Los Angeles (CA), USA <ul style="list-style-type: none">Thesis Title: Improved Word Alignments for Statistical Machine TranslationAdvisor: Daniel MarcuCommittee: Eduard Hovy, Gareth James, Kevin Knight, Daniel Marcu, Paul Rosenbloom
---------	---

- 12/2002 **Masters of Science in Computer Science**
University of Southern California, Los Angeles (CA), USA
▪ GPA 3.86/4.00
- 06/1995 **BA in Computer Science and Economics (Concentration in Linguistics)**
University of Massachusetts, Boston (MA), USA
▪ GPA 3.72/4.00

Professional Experience

- Since
09/2017 **W2 Professor of Information and Language Processing (~Assoc, tenure track)**
Center for Information and Language Processing (CIS),
Ludwig-Maximilians-Universität München, Germany
- 03/2014 –
08/2014 **Visiting Professor for the W3 Professor of Linguistic Computer Science**
Institute of Computational Linguistics (ICL),
Ruprecht-Karls-Universität Heidelberg
- Since
08/2013 **Akademischer Rat (~ Assistant professor, permanent, currently on leave)**
Center for Information and Language Processing (CIS),
Ludwig-Maximilians-Universität München, Germany
- Since
04/2013 **Leader of Statistical Machine Translation Group**
Center for Information and Language Processing (CIS),
Ludwig-Maximilians-Universität München, Germany
- 10/2012 –
09/2017 **Special Faculty Member**
Department of Computer Science, University of Maryland,
College Park (MD), USA
- 10/2009 –
04/2013 **Senior Researcher, Leader of Statistical Machine Translation Group**
Institute for Natural Language Processing (IfNLP/IMS),
University of Stuttgart, Germany
- 11/2007 –
09/2009 **Researcher**, Institute for Natural Language Processing (IfNLP/IMS),
DFG Collaborative Research Centre 732: Incremental Specification in Context
University of Stuttgart, Germany
- 09/2000 –
09/2007 **Graduate Research Assistant** (except dates listed below)
University of Southern California, Information Science Institute (ISI),
Marina del Rey (CA), USA
- 06/2003 –
05/2004 **Research Scientist**, Language Weaver, Marina del Rey (CA), USA
- 06 – 08/2002 **Research Scientist**, Department of Speech and Language Processing,
05 – 08/2001 BBN Technologies, Cambridge (MA), USA
02 – 08/2000
- 09/1995 – 01/1998 **Technical Director**, SatelLife, Boston (MA), USA (last position held)
03/1994 – 12/1994
- 05/1987 – 01/1990 **Programmer / Analyst**, The Forum Corporation, Boston (MA), USA (last position held)

Publications

Up-to-date citation counts and bibliometric information are available from my Google Citations page.

Granted Patent

- **Alexander Fraser**, Daniel Marcu. Semi-Supervised Training for Statistical Word Alignment. Patent US8433556, United States Patent and Trademark Office, filed 11/2006, granted 04/2013

Honors / Awards

- 1000 Euro award for open source, distributed implementation of LEAF alignment model (from dissertation) at Euromatrix Second Machine Translation Marathon. 2009
- Full sponsorship for participation in Euromatrix Second Machine Translation Marathon (one week). 2009
- Full sponsorship to spend 8 weeks in Baltimore at the Johns Hopkins University CLSP Summer Workshop 2003: Syntax for Statistical Machine Translation, led by Franz Och and Daniel Gildea. 2003
- SIGIR 2002 Student Travel Award. 2002
- University of Southern California - Charles Lee Powell Graduate Fellowship, full support and additional stipend for 3 years of PhD studies. 2000-2003
- University of Massachusetts, Boston - Graduated magna cum laude. 1995
- University of Massachusetts, Boston - Juan Carlos Merlo Prize, awarded annually to a single graduating mathematics or computer science student for outstanding achievement. 1995
- University of Massachusetts, Boston - Honors in Computer Science. 1995
- University of Massachusetts, Boston - Honors in Economics. 1995

Grants

- Principal Investigator, ERC Starting Grant (awarded by PE6 (Computer Science and Informatics) in the 2014 call, started in December 2015), 5 years, 1.2 million Euros
- Principal Investigator, Horizon2020 Innovation Action "Health in my Language (HimL)" with U. Edinburgh, Charles U. Prague, 3 other organizations, 2015-2018, 500000 Euros
- Principal Investigator (with Knight, Koehn, Schmid, Uszkoreit) on Dagstuhl Seminar on Statistical Techniques for Translating to Morphologically Rich Languages, facilitates meeting of 60 researchers in Germany for one week, 2014
- Principal Investigator (with Schütze) on DFG Sachbeihilfe, "Models of Morphosyntax for Statistical Machine Translation - Phase II", 2 years, 2013-2015, 300000 Euros
- Principal Investigator on Johns Hopkins Summer Workshop on Domain Adaptation for Statistical Machine Translation (with Daume, Carpuat, Quirk), facilitated research by 13 people for 6 weeks on site, 2012
- Deputy Investigator, European Commission FP7 STREP, "TTC: Terminology Extraction, Translation Tools and Comparable Corpora". Coordinator Beatrice Daille, Nantes; Stuttgart PI Ulrich Heid, 1 full-time position allocated to me for 1 1/2 years, 2010-2012

- Principal Investigator (with Schütze) on DFG Sachbeihilfe, “Models of Morphosyntax for Statistical Machine Translation”, 3 years, 2009-2012, 517000 Euros
- Principal Investigator on Small Business Innovation Research grant to Language Weaver, “Linguistic Error Analysis of Statistical Machine Translation”. 50000 USD, 2004
- Principal Investigator (sole implementing PI) on grant for design, implementation and quality assurance of Language Weaver Arabic/English hybrid statistical machine translation system, 2 years, 2003-2004, amount confidential, approx. 5 full-time positions

Teaching

I am the coordinator of the Masters degree in Computational Linguistics at LMU Munich, and teach a standard full teaching load. I also organize the institute reading group (together with Schütze), which is currently on deep learning approaches for computational linguistics and machine translation.

- “Lexicon, Syntax, Semantics: Structured Prediction and Domain Adaptation”, LMU München, Seminar, Winter Semester 2017/2018
- “Informationsextraktion”, LMU München, Vorlesung, Winter Semester 2017/2018

- “Seminar zur Informationsextraktion (II)”, LMU München, Seminar, Winter Semester 2014/2015
- “Lexicon, Syntax, Semantics: Word Sense Disambiguation and Statistical Machine Translation”, LMU München, Seminar, Winter Semester 2014/2015
- “Information Extraction”, DAAD International Summer School in Advanced Language Engineering, University of Colombo, Sri Lanka, September 2014
- “Programmieren II: Fortgeschrittene (Java)”, Universität Heidelberg, Vorlesung and Übung, Summer Semester 2014
- “Statistical Machine Translation”, Universität Heidelberg, Vorlesung, Summer Semester 2014
- “Linguistic Knowledge for Statistical Machine Translation”, Universität Heidelberg, Proseminar, Summer Semester 2014
- “Informationsextraktion”, LMU München, Vorlesung, Winter Semester 2013/2014
- “Seminar zur Informationsextraktion”, LMU München, Seminar, Winter Semester 2013/2014
- “Statistical Machine Translation”, DAAD Summer School in Advanced Language Engineering, Kathmandu University, Nepal, September 2012
- “Statistical Machine Translation”, with Andreas Maletti, Seminar (Hauptseminar), University of Stuttgart, Winter Semester 2011/2012
- “Machine Learning for Natural Language Processing” Seminar (Hauptseminar), with Stefan Riezler and Hinrich Schütze, Joint Seminar: Heidelberg University and University of Stuttgart, Winter Semester 2010/2011
- “Statistical Machine Translation”, with Helmut Schmid, Seminar (Lektürekurs), University of Stuttgart, Summer Semester 2010
- “Parsing and Machine Translation”, with Helmut Schmid, Seminar (Hauptseminar), University of Stuttgart, Summer Semester 2009
- “Data-driven and Hybrid Approaches to Machine Translation”, with Martin Forst, intensive two week course at German Society for Linguistics Fall School in Konstanz, 2009
- One week intensive course on Statistical Machine Translation at 9th Summer School of the European Masters in Language and Speech Technology Programme, Stuttgart, 2008

Advising

Post-docs

- Dr. Fabienne Braune, research on multilingual embeddings for mining comparable corpora
- Dr. Liane Guillou, 04/2016 to 09/2016, research on discourse for translation
- Viktor Hangya (starting 01/2018), research on multilingual embeddings for domain adaptation
- Matthias Huck, research on domain adaptation and translation to morphologically rich languages
- Dr. Tsuyoshi Okita, 01/2016 to 12/2016, research on neural models for automatic post-editing
- Dr. Aleš Tamchyna, 01/2017 to 04/2017, research on translation to morphologically rich languages (jointly supervised with Prof. Jan Hajic, Charles University Prague)

Ph.D. Advising

- Anita Ramm (née Gojun) (with Sabine Schulte im Walde), since 05/2013
- Dario Stojanovski, since 06/2017
- Marion Weller-Di Marco (with Sabine Schulte im Walde), 12/2011 to 09/2017, Using Morpho-Syntactic and Semantic Information to Improve Statistical Machine Translation. First position after graduation: Post-doc at University of Amsterdam with Khalil Sima'an
- Fabienne Braune (with Andreas Maletti), 10/2009-11/2015, Decoding Strategies for Syntax-based Statistical Machine Translation. Winner of the **European Association for Machine Translation Best Thesis Award** for the best machine translation dissertation in Europe in 2015. First position after graduation: Post-doc at LMU Munich with Alexander Fraser.
- Fabienne Cap (née Fritzing), 10/2009-10/2014, Morphological Processing of Compounds for Statistical Machine Translation. First position after graduation: Post-doc (VINNMER Marie Curie Incoming) at Uppsala University with Joakim Nivre.
- Nadir Durrani (with Helmut Schmid), 04/2008-11/2012, A Joint Translation Model with Integrated Reordering. Winner of the **German Society for Computational Linguistics award** for the best natural language processing / computational linguistics dissertation for the years 2011 to 2013. First position after graduation: Post-doc at University of Edinburgh with Philipp Koehn.
- Hassan Sajjad (with Helmut Schmid), 04/2008-10/2012, Statistical Models for Unsupervised, Semi-supervised and Supervised Transliteration Mining. First position after graduation: Qatar Computing Research Institute.

Visiting Ph.D. Students

- Viktor Hangya (DAAD Scholarship), University of Szeged, 10/2016 to 12/2016
- Aleš Tamchyna, Charles University Prague, 10/2015 to 05/2016
- Marija Brkic (Erasmus), University of Zagreb, Croatia. 09/2010 to 02/2011

External Ph.D. Committees

- Ph.D. Committee Member: Peyman Passban. Dublin City University, Ireland. 09/2017
- Ph.D. Committee Member: Arianna Bisazza. University of Trento, Italy. 04/2013
- Ph.D. Committee Member: Jagadeesh Jagarlamudi. University of Maryland, College Park, MD, USA. 04/2013
- Examiner, “Licentiate of Philosophy” (similar to American Ph.D. qualification exam): Sara Stymne, Department of Computer and Information Science, Linköping University, Sweden. 12/2009

Masters/Bachelors Advising (Selected)

- Valentin Deyringer, Masters in Computational Linguistics, Parallelization of Neural Machine Translation
- Stefan Schätz, Masters in Computational Linguistics, Producing German Compounds in Statistical Machine Translation through Phrase Table Enrichment
- Jekaterina Siilivask, Masters in Computational Linguistics, Statistical Machine Translation of Russian with Full Morphological Generalization
- Luisa Berlanda, Bachelors in Computational Linguistics, Part-of-speech Tagging for Spoken Language Corpora, completed 05/2016
- Iryna Markovych, Bachelors in Computational Linguistics, Comparative Error Analysis of Machine Translation into Slavic Languages, completed 05/2016
- Tetsuhiro Tamada, Bachelors in Computational Linguistics, Context-dependent Neural Machine Translation, completed 05/2016
- Alexander Zap, Bachelors in Computational Linguistics, Classifier-based Domain Adaptation with an Application to Machine Translation, completed 05/2016
- Fabian Dreer, Bachelors in Computational Linguistics, Focused Crawling for Statistical Machine Translation, completed 01/2016
- Renjing Wang, Masters Thesis (Diplomarbeit) in Computer Science, Self-Training for German Parsing, completed 09/2011
- Anita Gojun, Masters Thesis (Diplomarbeit) in Computational Linguistics, Null Subjects in Statistical Machine Translation: A Case Study on Aligning English and Italian Verb Phrases with Pronominal Subjects, completed 08/2010
- Marion Weller, Masters Thesis (Diplomarbeit) in Computational Linguistics, An Empirical Analysis of Source Context Features for Phrase-Based Statistical Machine Translation, completed 08/2010
- Fabienne Braune (Universität de Fribourg, Switzerland), Masters Thesis in Computer Science, Analysing and Improving Unsupervised Sentence Alignment, completed 09/2009
- Marion Weller, Bachelors Thesis (Studienarbeit) in Computational Linguistics, Separate Morphologiebehandlung als Methode zur Verbesserung statistischer maschineller Übersetzung (Separate Morphological Processing as a Method for Improving Statistical Machine Translation), completed 05/2009. Winner of **Informatik-Verbund-Stuttgart Award** (given yearly for the two best Bachelors Theses in computer science-related fields in Stuttgart)
- Fabienne Fritzing, Masters Thesis (Diplomarbeit) in Computational Linguistics, Extracting Multiword Expressions from Parallel Text, completed 08/2008

Invited Presentations

- Invited Talk, “Linguistically-informed Target-word Representations for Machine Translation”, Dublin City University, Ireland, 2017
- Invited Talk, “Towards Perfect Machine Translation: Statistical Methods and Linguistic Knowledge”, University of Potsdam, Germany, 2017
- Keynote Speaker, “Translation to Morphologically Rich Languages”, European Association for Machine Translation (EAMT 2016), Riga, Latvia, 2016
- Invited Talk, “Towards Perfect Machine Translation: Statistical Methods and Linguistic Knowledge”, University of Hamburg, Germany, 2015
- Invited Talk, “Improving Translation to German”, Universität Zürich, Switzerland, 2014
- Invited Talk, “Domain Adaptation with Parallel and Comparable Corpora”, Machine Translation Marathon, Prague, Czech Republic, 2013
- Keynote Speaker, “Improving Translation to Morphologically Rich Languages”, La 20ème conférence du Traitement Automatique du Langage Naturel (TALN), Sables d’Olonnes, France, 2013
- Invited Talk, “Improving Translation to Morphologically Rich(er) Languages”, Karlsruher Institut für Technologie, Karlsruhe, Germany, 2013
- Invited Talk, “Towards Perfect Machine Translation: Statistical Methods and Linguistic Knowledge”, Institute for Natural Language Processing, University of Stuttgart, Germany, 2012
- Invited Talk, “Modeling Morphology and Syntax for Statistical Machine Translation”, Ubiquitous Knowledge Processing Lab, TU Darmstadt, Germany, 2012
- Panel, “Arabic Natural Language Processing Technologies Round-Table”, Qatar Computing Research Institute, Doha, Qatar, 2011
- Invited Talk, “Analysis and Generation of German for Statistical Machine Translation”, Institute for Language, Cognition and Computation Seminar, University of Edinburgh, 2010
- Keynote Speaker, “Morphosyntactic Correspondences and a Progress Report on Bitext Parsing”, InFuture 2009, Zagreb, Croatia, 2009
- Invited Talk, “Beyond Phrase-Based Statistical Machine Translation”, German Society for Computational Linguistics & Language Technology Workshop “Costs and Uses of Machine Translation”, 2009
- Invited Talk, “Semi-Supervised Word Alignment”, Research Track of Euromatrix Second Machine Translation Marathon, 2008
- Invited Talk, “Statistical Word Alignment”, Institute for Computational Linguistics, Heidelberg University, 2008
- Invited Talk, “Getting the Structure Right for Word Alignment: LEAF”, Linguistics Department, University of Potsdam, 2007
- Invited Talk, “Improved Word Alignments for Statistical Machine Translation”, Language Technology Laboratory, DFKI (German Research Center for Artificial Intelligence), 2006
- Invited Talk, “Improved Word Alignments for Statistical Machine Translation”, Institute for Natural Language Processing (IMS), University of Stuttgart, 2006

- Demonstration, Language Weaver Arabic/English Statistical Machine Translation System, HLT-NAACL 2004
- Demonstration, Language Weaver Arabic/English Statistical Machine Translation System, COLING Workshop on Computational Approaches to Arabic Script-based Languages 2004
- Panel, “Issues in Arabic to English Machine Translation”, MT Summit IX Workshop on Machine Translation for Semitic Languages, 2003
- Invited Talk, “USC/ISI’s Arabic/English Machine Translation System”, US National Institute of Standards Machine Translation Evaluation Workshop, 2003

Professional Activities

Senior PC

- EAMT 2017: Program Chair (research track)
- EMNLP 2016: Area Co-Chair: Machine Translation
- NAACL 2016: Area Co-Chair
- EACL 2014: Area Co-Chair: Machine Translation
- ACL 2014: Tutorials Co-Chair

Journal Reviewer

- Computational Linguistics (CL)
- Transactions of the Association for Computational Linguistics (TACL)
- Journal of Artificial Intelligence Research (JAIR)
- Artificial Intelligence (AI)

Conference/Workshop Reviewer

- Regular reviewer at ACL, NAACL, EACL, EMNLP
- Regular reviewer at Conference on Machine Translation
- Regular reviewer at ACL/NAACL/EACL Workshops on Machine Translation
- NIPS 2010-2011
- COLING 2008, COLING 2010
- MT Summit 2009
- IJCNLP 2008
- Theoretical and Methodological Issues in Machine Translation (TMI) 2004
- Workshop reviews: ACL Workshop on Building and Using Parallel Texts; ACL Workshop on Syntax, Semantics and Structure in Statistical Translation; EACL/ACL Workshops on Computational Approaches to Semitic Languages; Workshop on Hybrid Approaches to Machine Translation; IWSLT International Workshop on Spoken Language Translation; COLING Workshop on Human Judgements in Computational Linguistics; MT Summit IX Workshop on Machine Translation for Semitic Languages

Other Reviewing

- German Research Foundation (DFG) - Proposal Reviewer
- U.S. National Science Foundation - Proposal Reviewer
- Neural Information Processing Series, "Learning Machine Translation", MIT Press
- Grace Hopper Celebration of Women in Computing, Anita Borg Institute

Other Activities

- Designed and managed creation of the first commercially available statistical machine translation system (Language Weaver Arabic/English)
- Engineered top ranked systems in cross-language information retrieval, information retrieval, word alignment and machine translation
 - Best English to German machine translation, WMT 2017 (news), constrained track
 - Best German to English machine translation, ACL-WMT 2009 constrained track
 - Word alignments used in 1st or 2nd best ranked Chinese to English and Arabic to English machine translation systems, NIST-MT 2006, 2008, 2009
 - Best Romanian/English word alignment, ACL-WPT 2005 constrained track
 - Best Arabic to English machine translation, NIST-MT 2003 constrained and unconstrained tracks
 - Best English to Arabic cross-language retrieval, TREC 2001, TREC 2002
 - Best Arabic information retrieval, TREC 2001
- Software provided to the research community:
 - Implementation of a Discriminative Lexicon in Moses, with Kristina Toutanova and Ondrej Bojar and team at Open Source track of the Eighth Machine Translation Marathon 2013
 - Integration of Vowpal Wabbit, a high-speed learner of classification models, as a lexicon model into the open source Moses statistical machine translation engine, with team at the Johns Hopkins Summer Workshop on Domain Adaptation for Machine Translation 2012
 - Cube pruning algorithm implemented in open source Moses statistical machine translation engine, with team at Open Source track of Euromatrix Second Machine Translation Marathon 2009
 - Word alignment graphical user interface implemented in Java Swing, used by 7 research labs, 2007
- Data provided to the research community:
 - Standard data sets for domain-adaptation experimentation in machine translation created at the Johns Hopkins Summer Workshop on Domain Adaptation for Machine Translation
 - Probabilistic Dictionary (with Jinxi Xu) for use in TREC-2002 Cross-Lingual Information Retrieval Task (using English queries to request Arabic documents)
 - BBN release of the Arabic/English UN corpus (with Jinxi Xu, Ralph Weischedel), distributed by the Linguistic Data Consortium
 - Sentence aligned the Ummah corpus, distributed by the Linguistic Data Consortium
- Organizing of Stuttgart Reading Group on Parsing and Machine Translation
- Stuttgart Coordinator for Pascal2 EU Network of Excellence (Pascal2: Pattern Analysis, Statistical Modelling and Computational Learning)
